

Double-Digit Angel Numbers

The Meaning Behind The Numbers

11

It is time to encourage those around you through your creativity. Take note of what is on your mind, as your thoughts will influence what you manifest.

22

Exercise gratitude for all that you have and remain positive. Good things will come your way if you seek to find balance in life and maintain trust in the greater plan.

33

Spiritual growth is on your horizon. Use your imagination to create an expression of your inner truth voice, to better connect with others.

44

Let go of the past and that which does not serve you. Keep your head down and believe in yourself. You will soon create abundance in your life.

55

Cut the ties of attachment to material, worldly things. Release control, have faith and focus on your spiritual growth. A change is on its way and a shift in perspective is needed.

66

You are loved and supported by the divine. Give yourself the love you deserve and exercise compassion towards others always.

77

Listen to your inner voice and follow your heart. Focus on fulfillment and personal development. The Angels and Ascended Masters are watching over you.

88

Prepare to receive, as opulence is at your doorstep. Maintain a positive outlook and exercise gratitude for all that you possess.

99

Follow your spiritual intuition and commit to giving of yourself through service and self-expression. Love and be loved.
